SOME TIPS FOR CREATING AN EFFECTIVE CV

- You want your CV to have a link to your Linkedin account and your portfolio site so recruiters can immediately see what you've accomplished.
- Add the logo of the companies you have worked in. Link their website or LinkedIn profiles too. Write a short description of what the company does if they are not well known.
- Remember to add how long you have stayed in a particular role. Write out the years and months.
 Example: Jan 2020 to June 2022 (2 years and 5 months).
- When writing out your achievements and responsibilities for a job, it is ideal to follow this format: "I have achieved X by doing Y with a result of Z." Quantitative information is highly preferred.
- Only list skills you are confident in and are relevant to the job. You may also list specific software or tools that are important to the role.
- Adding your photo to a CV is optional. Photos help recruiters remember you, but there is a risk of unconscious bias.
- Adding volunteer work and other interests is optional. Information under this section may seem irrelevant but it can build rapport with recruiters.
- **Do not crowd your CV**. Feel free to use a second page, which usually features your educational background and other achievements and awards.
- Make sure the CV's design aesthetic matches the job you are applying for. For creative roles, you may prefer CVs with a touch of color. For more corporate roles, go for a more simple design.
- Having a list of references is no longer required in CVs. The same goes for a summary or objective section.
